## PROFESSIONAL SUMMARY

Junior Software Developer with a strong foundation in web technologies, real-world freelance experience, and a proven passion for learning and building usable software. Experienced in front-end and back-end development using HTML, CSS, JavaScript, Python (Django), and React. Skilled in Git version control and cloud tools such as Heroku and AWS. Known for a proactive, problem-solving mindset and a love for clean, maintainable code. Looking to contribute to meaningful tech projects and grow under supportive mentorship in a part-time remote role.

## CORE SKILLS

Category	Technologies
Languages & Frameworks	HTML5, CSS3, JavaScript (ES6+), Python, React, Django
Version Control	Git, GitHub
Databases	PostgreSQL, SQLite, Firestore
Deployment	Heroku, AWS (IAM, S3)
Tools	VS Code, Figma, Trello, Jira
Integrations	Stripe & PayPal API, DeepSite prototyping, ChatGPT-assisted debugging

## PROFESSIONAL EXPERIENCE

### Junior Software Developer

**BINA-Q (Healthcare Startup)** | Remote | *November 2023 – May 2024*

- Contributed to full-stack development of a healthcare platform using Django and React
- Used ChatGPT for bug fixing and DeepSite to prototype UI quickly
- Built secure REST APIs and deployed them via Heroku and AWS S3
- Gained hands-on experience with real-world application delivery in an agile, startup setting

## Freelance Web Developer

**Self-Employed** | Remote | *2018 – Present*

- Delivered over 20 websites for small businesses and nonprofits
- Focused on user experience, responsive design, and payment/booking integration
- Collaborated directly with clients to understand and implement requirements
- Applied Git for version control and improved project organization

## Junior Developer / Production Support

**E3D Online LTD** | Remote & On-site | *2020 – 2022*

- Built dashboards using React for internal manufacturing metrics
  - Automated reporting tools with Django and improved data reliability
  - Learned to communicate with non-technical teams and adapt quickly
- 

## EDUCATION & CERTIFICATIONS

### Diploma in Full Stack Web Development

*Code Institute (Edinburgh Napier University)* | 2019 – 2021

### Professional Certifications:

- Full Stack Engineer Career Path – Codecademy
  - Python 3 Fundamentals – Codecademy
  - React – The Complete Guide (Udemy)
  - The Complete JavaScript Course (Udemy)
- 

## ADDITIONAL INFORMATION

- Passion for clean, maintainable code and learning from experienced developers
- Comfortable working remotely with modern collaboration tools
- Fast learner, comfortable with both independent work and team collaboration
- Native English speaker
